REQUEST FOR CORRECTION OF FILING RECEIPT

June 25, 2004

TO THE COMMISSIONER FOR PATENTS:

An Updated Filing Receipt for the above-identified non-provisional patent application has been issued by the PTO. The Updated Filing Receipt contains three errors. The first error is that Massimiliano Barone's name is misspelled. Applicants have enclosed a copy of the Declaration as filed indicating the correct spelling of "Massimiliano". The second error is that the street instead of the town of residence

is indicated in the Applicants address. Please change "Via Toselli" to "BRESCO" as indicated on the Declaration. The third error is the Filing Date. The Updated Filing Receipt shows a filing date of April 5, 2004. The Correct Filing Date is October 29, 2003 as indicated on the enclosed copy of the Application Transmittal. Please change "April 5, 2004" to "October 29, 2003". In the Response to the Notice to file Missing Parts filed on April 2, 2004, Applicant selected option III from the Notice to File Missing Parts. Option III indicates that the Applicant will maintain a filing date as of the date of deposit of the application papers in the USPTO, i.e., October 29, 2003. The Preliminary Amendment (copy enclosed) was filed in order to cancel all references to the omitted drawings, relabel the drawing figures to be numbered consecutively and correct the references in the specification to the drawing figures to correspond with the relabeled drawing figures. This instant request provides the PTO with the correct data so that the records for this patent application may be appropriately updated.

- ☒ A copy of the PTO's Updated Filing Receipt is included with this request.
- ☒ A copy of the Utility Application Cover Sheet.
- ☒ A copy of the Declaration as filed on April 2, 2004.
- ☒ A copy of the Preliminary Amendment as filed on April 2, 2004.
- ☒ Correction is respectfully requested.
- ☒ A postcard is enclosed as acknowledgment of this document.

If the Patent and Trademark Office finds that any fees are required for this or any other reason, please charge any additional fees to Deposit Account No. 07-1897. Should the Patent and Trademark Office have any questions concerning this

Request for Correction of Filing Receipt, a call to the undersigned is requested.

Respectfully submitted,

**LICENSE FOR FOREIGN FILING UNDER  
Title 35, United States Code, Section 184  
Title 37, Code of Federal Regulations, 5.11 & 5.15**

**GRANTED**

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

**NOT GRANTED**

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
